- National Institute of Business Management (NIBM), Sri Lanka

PROJECT EXPERIENCE

QR-Based E-Ticketing System for Public Transportation

HND Final Project | React PWA · Flutter · Node.js · Firebase | Team Size: 4

- Coordinated the full project lifecycle from requirements gathering to deployment, ensuring on-time delivery across all sprints.
- Facilitated Agile ceremonies including sprint planning, daily stand-ups, reviews, and retrospectives to maintain team velocity.
- Produced complete project documentation: UML diagrams, system architecture, and stakeholder reports.
- Managed scope, tracked progress against milestones, and resolved blockers to keep the team aligned.
- Delivered features including digital wallet, QR trip management, and dynamic fare calculation on schedule.

Online Gas Delivery System

Group Project | HND Information Systems | Figma · Draw.io | Team Size: 5

- Led project coordination, task allocation, and timeline management to ensure on-time delivery of all deliverables
- Facilitated stakeholder communication and requirements workshops, translating business needs into clear project scope
- Produced BPMN process diagrams and Figma wireframes, maintaining full project documentation throughout

Queue Management System

Agile & Scrum Coursework | HND Information Systems

- Managed sprint backlog, led planning poker sessions, and coordinated daily scrums in a structured Agile environment
- Tracked team progress using EPICs and MRFs, delivering requirements on schedule with full documentation
- Gained hands-on experience with DevOps workflow integration and collaborative project tools

Hotel Management System – Bonn Bonna Hotel

Diploma Final Project | Web Technologies · MySQL | Team Size: 4

- Managed project planning, task distribution, and delivery timeline for a full hotel management web system
- Coordinated documentation including Use Case, Class & Sequence Diagrams, ER Diagrams, and Final Report
- Delivered both an admin panel and customer-facing booking website within the project deadline

LEADERSHIP & COMMUNITY EXPERIENCE

AIESEC in NIBM – Multiple Leadership Roles

- OCPV Logistics – Elevate 26 Career Fair: Planned and managed end-to-end logistics for a 400+ delegate event – coordinating venue setup, resource allocation, team roles, and on-day execution
- OCPV Partnership Development – Christmas OEM Event: Led partner outreach strategy, managed stakeholder relationships, and tracked partnership deliverables to strengthen the AIESEC brand
- OGT B2C Team Lead (Term 26.27): Directed a ground-level attraction team, set weekly targets, monitored performance, and reported outcomes to senior leadership
- OC Member – Blood Donation Drive (PR): Coordinated promotional campaign and internal communications to maximize community turnout and participation
